

The purpose of this report is to provide information to external American Red Cross partners regarding Disability Integration efforts during the Hawaii Wildfires Disaster Relief Operation. This report is released to partners who have an approved information sharing agreement.

08.21.23 Shelter Snapshot

Current # of 08.21.23 **Household** Shelter Clients 1956

Current # of 08.21.23 **Individual** Shelter Clients 3957

Disaster Related Disability and Other Access and Functional Needs

American Red Cross shelters track disaster related disability and other access and functional needs voluntarily self-disclosed by clients. Individual clients may disclose needs in multiple areas.

*The enclosed report is dynamic due to the nature of disaster sheltering operations. The total number of clients who voluntarily self-disclose disability, medical equipment and medication needs is subject to change at any time. The American Red Cross continuously engages in activities and services to address identified needs.
